{ Notes/ Political Cartoons

- ⌘ Nativism – a belief that native-born white Americans were superior to newcomers.
- ⌘ Similar to the fate of Native Americans, many immigrants were forced to assimilate to American culture.

Resistance Towards Immigration

- ⌘ Chinese workers accepted low wages for jobs. Employers cut the pay for ALL workers
- ⌘ With rising pressure from nativists, Congress passed the Chinese Exclusion Act in 1882.
- ⌘ Act prohibited Chinese immigration to the US and limited the rights of the Chinese immigrants already living in the country.
- ⌘ Marked the first time that a specific racial groups was *forbidden* to enter the United States.
